

The Best Value In Poly Tank Fire Pumps....

Sales are growing on poly tanks, as they cost about 25% less than the steel tank version.

**Poly Tank Fire Pump
#190387 – FER501**

- 5 Gallon Heavy Duty UV resistant poly tank that will not rust.
- Molded, sturdy black base for added protection while being dropped and thrown in to trucks.
- Large handle at top of tank enables easier handling and provides storage of pump when not in use.
- Heavy duty padded shoulder straps for comfort. Ring loop on strap clips to the pump so firefighter does not have to carry in hand.
- Utilizes our best selling Fedco pump – it is constructed of all brass tubing and is extremely reliable. Primed for use with just 2 pumps!
- Key accessory is the truck mounting rack shown below.

**Poly Tank Carry Rack
#179094**
